

Selby Community Association – Small Vessel Rack Agreement

2020 Season – April thru November 1st

Name	Phone
Street Address	Email

The Small Vessel Rack is provided by the Selby Community Association in an effort to make the property more accessible and usable for the Members of the Selby on the Bay Community. To that end the following rules and regulations will be applied for the use of this Rack. Only small vessels can be stored on the Rack. The vessel must not exceed 12 feet in length, 40 inches in width, or 150 pounds. There will be no motorized vessels or vessels with any sort of motor permitted to be stored on the Rack. Security devices such as chains, cables and a lock must be provided by the vessel owner and must be used while the vessel is in the Rack. The spaces on the Rack will be offered to the entire Community seasonally each year beginning in April and ending November 1st on a “first come first served” basis. Community Members who have completed this form and paid the annual Rack Fee of **\$30.00** per space may use their assigned space on the Rack. One vessel per space, except end spaces, which may accommodate two vessels if not over the weight limit of 150 lbs total, for an additional **\$10.00**. Members who do not abide by the rules are subject to having their vessels removed from the Rack by the Selby Community Association.

Under no circumstances may any personal property be kept or stored at the beach. This includes watercrafts, motor vehicles, recreational vehicles or commercial equipment. Vessels not removed by November 1st will be considered as abandoned and removed by the association. And said member may lose their ability to use the Rack in the future. The use of the Rack is at the users own risk. Selby Community Association will not be responsible and will be held harmless for any loss or damage to a member’s vessel(s). By signing this agreement the Member agrees that they will abide by the above rules and release the Selby Community Association from any liabilities and/or damage resulting from any vessel storage or use activities.

Your Vessel must be removed from the Rack by November 1st – no exceptions
